### SENATOR BUTLER

REFUSES TO AID COXEY IN THE PRESENT CAMPAIGN.

He Gives His Reasons—One Is That the Commonwealth Is Not a Populist List Any More.

An effort is being made by the Hanna Populists to infuse life into that faction of the party in the closing days of the campaign, and numerous announcements have been made of speakers who will take the stump for the Coxe ticket. The most prominent Populists on the list are Senators Butler of North Carolina and Allen of Nebraska, and Jerry Simpson of Kansas. The once sockless statesman of Medicine Lodge, Kas., has been convicted of perjury to his party in his own state, and now seeks a new field of operations.

The Populist county central committee of Jasper county, in his own district, refused to allow him to address the county convention. The vote was taken after a hot debate between Jerry and Judge McKay, a prominent Populist, who proved his charges. The attitude of Senators Butler and Allen is explained in a letter just received by Mr. Hugo Preyer from the North Carolina senator, who says:

**Senator Butler's Letter.**

"I am not going to Ohio to campaign in the interest of Coxe. Neither do I think Senator Allen will go. I do not consider Coxe a Populist. He tried to split our Populists by organizing a new party of his own. Failing in this he is now working another scheme which means no good for the party. I regret the situation in your state exceedingly. I think the Silver Democrats and the Silver Republicans and Populists—in fact, all good citizens who are opposed to trusts, monopolies and corporations—should co-operate in every legitimate district where it can be done on honorable terms and elect a member of the legislature pledged not to support a man who favors monopolies or the gold standard for the United States senate."

**Coxey Populists.**

"It is safe to say all honest Populists in Ohio—even the most radical Middle-of-the-Roaders—are disgusted with the nomination of Coxe and the influence that brought it about. We have received numbers of letters from prominent Populists who were radical Middle-of-the-Roaders, to this effect: 'While it is evident that the Coxe ticket cannot command the services of such men as Senator Butler, it is probable that small fry politicians from other states, who are Middle-of-the-Roaders for revenue only, will be turned loose in Ohio this week and next. Evidence is not lacking that extraordinary inducements are being held out to speakers and others who are willing to do the dirty work, ostensibly for the Coxe ticket, and really for Mark Hanna. The indications now are, however, that the sincere Populists of Ohio are too intelligent to be deceived by the Hanna agents, and it is doubtful whether as many voters will follow Coxe this fall as tramped behind his carriage in the 'commonwealth army' a few years ago. Then and now Coxe had nothing in common with his followers. He is for himself all the time."

Only three weeks now until election. Let all honest people pull together and there will be an end to Hannaism.

### CLOAKS!

There are many qualities about Cloaks and Jackets to be borne in mind. When you discover one defect it spoils the whole. Some manufacturers may use fair material and neglect workmanship. We find it easier to sell a garment after one has looked elsewhere. We invite the trade to come in and see our line of

Ladies' Wraps!

After giving other lines a thorough inspection.

It does not matter who comes to town to show you goods. We have the goods any day in the week and are always receiving Something New.

A very convenient Garment for a lady to have about the house is a Wrapper. We have a nice assortment from \$1 to \$3.50.

Now we know there are Low Priced wrappers on the market, but we find that a wrapper well made and of Good MATERIAL sells better than a cheap one.

We have had customers come in our store with no intention of buying a wrapper and bought two before they went out—one for the present weather and a nice warm one in anticipation of colder weather later on

Don't be Deceived by any glittering array of Low Prices.
